

**Stellar VBar**

The Stellar Vbar is a high-performance LED lightbar with a V-shaped design for 360° illumination. Impactful for high-visibility areas like road intersections. Engineered in India, IP65 certified with SAE standards for impact and vibration.

**Key Features**

- |  |   |
|--|---|
| High-power, attention-grabbing LED illumination                      | Thermal control                                 |
| No moving parts – ensuring longer lifespan and reduced maintenance   | Impactful flash pattern for enhanced visibility |
| Die-cast aluminum base for superior durability                       | Unique V-shaped light bar                       |
| UV-resistant dome – prevents discoloration and degradation over time | IP65 – protected against dust and water ingress |
| Built to withstand extreme weather cycles                            | SAE certified (impact and vibration)            |

**Colours**

**Specification**

- > Reverse Polarity Protection
- > Dimensions:  
900 mm (L) x 190 mm (H) x 570 mm (W)  
36 in (L) x 23 in (H) x 7.6 in (W)
- > Voltage Range: 10 – 30 VDC

**Vehicle Applications**

- > Fire-fighting / Rescue vehicles
- > Waste Management vehicles
- > Riot Control vehicles
- > Police vehicles
- > Ambulance vehicles
- > Industrial and Material handling vehicles
- > Airport refuelers / Vehicles
